The Cory Charitable Foundation announces five million dollar grant

Expressions of interest are now being sought by The Cory Charitable Foundation's Trustees for a one-off 5 million dollar grant to mark the Foundation's 25th anniversary.

The grant is to be used for a new building construction or the extension or redevelopment of an existing building and can be added to other funds for a larger development.

It is envisaged that the land required for this project will be supplied by the recipient.

It is permissible that the grant recipient may also seek additional or matching funds from State or Federal government sources, or other channels, to further extend the development's budget or scope of works.

The building's form and purpose is to be at the discretion of the recipient with the intention of satisfying any outstanding or growing needs of the recipient.
